Fast shouldn't mean sloppy. I work hard to bring you quick results without compromising on quality. For the past three years I've worked for great companies using the latest technologies to build pixel perfect sites.

I love to learn and grow, I constantly follow the top developers and technology companies to see what they are doing and better understand the world of the web.

## Experience

### Allen Communication Learning Services
*February 2015 - present*
Build custom learning solutions for clients needs
Build handlebars.js templates
Assist other developers in meeting deadlines
debug older software issues

### ThomasARTS  *July 2014 - November 2014- Contract*
Created sites based off of PSD designs.
Maintained semantic code base
Created sites in Wordpress or Drupal
Worked with team to meet deadlines

### Equitable Life & Casualty
*Febuary 2014 - July 2014-Contract*
Created Basic CMS
Maintain semantic code base
Designed & developed responsive templates

### RANLife  *August 2012 - Febuary 2014*

Modern Javascript Certification.
System Administration 1 - Bash Programming

### SLCC  *2010 - 2012*
Associates Degree
Visual Arts/Graphic Design

## Hobbies

Reading

Gaming

Development

Camping

## ACHIEVEMENTS

Rebuilt Allen Communication's website in tandem with JIBE Media in three weeks. We reduced page load time from 6 seconds to 1 second and kept all the original images/content.

Learned ColdFusion for Equitable Life and Casualty to help the Back-End team create page templates.

Built custom learning solutions for many companies including: Avon, 7-Eleven, DIRECTV, Clearlink, etc.

Built mortgage calculator mobile app for RANLife home loans, it's currently only available on Android.
